

## Overview

Students begin this year by continuing to work through the GCSE scheme of work including careers and jobs and global issues. The main focus as we approach the summer becomes exam preparation

# Year 11 French

## Term 3

Again, this term is spent revising, but with a bigger focus on speaking as the speaking exam approaches. Once completed, the focus will be on key skills and ensuring students feel confident and secure in all knowledge to allow them to succeed.

## Term 1

To begin the term we focus on jobs, workplaces, careers and wishes for the future. We then move to discuss the environment and global issues including global warming and how this is effecting us.

## Term 2

During this term, time will be spent honing in on skills learnt so far in the GCSE course. We will revise topic based information and vocabulary from all main themes and grammar.
