

**Overview**

This year is all about content! We will begin the GCSE course and content, starting with Weimar and Nazi Germany and ending with the development of the Cold War.

# Year 10 History

**Term 3**

This term is all focused on the Cold War. We look at how close the world came to nuclear war over Cuba, how a wall went up overnight in Berlin, and how the Cold War finally came to an end in the 1990s.

**Term 1**

In this term, we look in more depth at the impact of WWI on Germany. How the abdication of the Kaiser led to the growth of an unstable democracy, and how this was challenged by communists and Nazis.

**Term 2**

This term we look at the methods Adolf Hitler used to transform the Nazi Party and become Chancellor of Germany in 1933. We then look at life in Nazi Germany for women, children and minority groups.

We will also start to look at the development of the Cold War.
